

Chiropractic Associate needed for Dynamic Scottish Clinic.

Do you want to deliver patient centred care in a dynamic supportive team setting?

We are looking for a new team member. Are you a mature, emotionally intelligent and driven individual? Will you find and appreciate value in learning, collaborating and being supported by our seasoned and experienced team?

The clinic is on the outskirts of Edinburgh. We are blessed to be so close to beautiful beaches, lochs and rivers for all types of water sports, countryside walks, hills, mountains and forests for hiking, running, climbing, cycling, skiing, basically all the fun, nourishing, good stuff!

Team support and weekly learning with others, you'll never be stuck for CPD again! Give your career the boost it needs. Work with people who are actually university qualified to mentor and structure you in healthcare business provision or if you are already experienced in the field be around colleagues who are also deeply invested in continued learning and professional and personal development.

ABOUT US.....

We run a family multidisciplinary wellness clinic based in Central Scotland.

Chiropractor wanted to join this busy 40 year old Oxford clinic with it's pioneering approaches to traumatic brain injuries.

Oxford Chiropractic Clinic (OCC) and Oxford Concussion Clinic are looking to expand. With a remarkable flow of new patients seeking care weekly, we are looking for an enthusiastic and dedicated Chiropractor with an SOT background to join this successful team.

Oxford Chiropractic Clinic's reputation is well known throughout the world and is considered a centre of excellence with SOT and Cranio Fascial Dynamics (CFD) being at the core to the care we deliver. You would step into an established clinic which has been at the heart of the community of Oxford, for more than 40 years.

This self-employed position is initially part time, offering two working days a week with the view to possibly extend hours. It is available from 1st July 2024.

Cultivating your passion, drive, and motivation to deliver extraordinary care for patients, is important to us. As part of your job package, we offer you a guaranteed salary for three months and an exceptional opportunity to train as a CFD practitioner with an intensive mentoring programme provided and taught by Dr Jonathan Howat. This will help to develop you into a valued and competent Chiropractor in the field of both SOT and CFD.

Our clinic provides a supportive environment enabling individuals to achieve their goals.

Please send your CV and covering letter by email in the first instance to: geraldineocc@gmail.com

Baxter Chiropractic Clinic is a well-established clinic with a first-class reputation in Dunfermline, around 30 minutes from the centre of Edinburgh, committed to providing Chiropractic solutions to address all of our patient's needs, [helping people](#) get control of their health and maintaining their health through Chiropractic. The clinic has been built and is run by Mark Baxter. Mark graduated from Western States Chiropractic College in Portland, Oregon, USA in 1993.

He and his family first moved to South Wales, where he established Brackla Family Chiropractic Clinic, which is still in operation today.

He then settled in Scotland in 2009, opening his current practice shortly thereafter.

About the Position:

This is a great opportunity for a confident Chiropractor to work as an associate alongside Dr. Baxter in his practice. We are looking for an Associate with good manual adjusting skills, who can be self-sufficient and open to learning from Mark. There is no requirement for external marketing.

The clinic has a high return patient list, but also a waiting list of new patients, allowing an Associate to grow their patient base and be well compensated for their efforts.

For the right candidate, there could be a long-term view to eventually becoming his successor when he looks at reducing his hours further or retiring.

What is on offer?

- Open to new graduates and experienced Chiropractors

- Freelance position with high-earning potential

If you have a confident and friendly nature and an adventurous spirit, looking for a new challenge in Scotland, we would love to hear from you.

Please apply below with your cover letter and CV.
