

Associate Position available at Costa Chiropractic. Currently I have a six week waiting list for new patients and because of the long wait I am losing on average 20 new patients a week.

For the right associate I can get them busy fast.

We don't do any marketing and only have a mild presence on social media.

All you will be asked to do is be a great chiropractor.

No screenings, no health talks, just adjust and give your patients pertinent advice.

The clinic is located on the corner of the busiest intersection in the town of Bathgate. The town is 20 minutes from Edinburgh and 25 minutes to Glasgow. Bathgate is a commuter town and has a population of 24,000 and the county of West Lothian is 182,000. If you like suburb living with easy access to city's and airports then you will like Bathgate.

I have been in practice for 20 years and a graduate of Life University. The majority of the time I use Thompson and Diversified techniques and Activator when warranted.

We also have a sports massage therapist and a clinical psychologist

in the clinic.

We have a fun, professional and low stress environment.

I am looking for a full time associate (5 days a week). The ideal candidate would be a efficient adjuster and understand what chiropractic is capable of achieving, and be able to effectively communicate that to their patients.

A out going personality, strong work ethic and team mentality is a must.

New graduates or chiropractors looking for a new and great opportunity are welcome to apply.

Would like at least a 2 year commitment.

Salary will be percentage based on experience, benefits to be negotiated after 6 month trial period.

We are looking for a new addition to our busy team

We are a chiropractic and sports massage clinic located 15 miles from Edinburgh in the central belt of Scotland. We have been serving our community for 12 years with compassion and dedication. The clinic is located in the center of Bo'ness, in a self-contained 2-storey building.

We are rapidly expanding and need an additional full time chiropractor to cope with the influx of new clients. We currently have a waiting time of 5 weeks to see a new client, and we see approximately 100 chiropractic visits over 4 days.

Our town, Bo'ness, has excellent motorway access to Edinburgh and the surrounding areas and free parking.

Our practice offers chiropractic care and sports massage (with dry needling) services.

Our patient base spans cradle-to-grave. As such, a range of adjusting techniques are routinely used including drop adjustments, structural adjustments (diversified technique but others would be welcome), use of activator as an adjunct, pediatric adjusting and NET.

There are private clinics nearby that we refer patients to if xrays are indicated. We routinely obtain copies of xrays from surrounding hospitals as required.

Our ideal candidate will be an ambitious and passionate chiropractor with some clinical experience in assessing and treating perinatal women and children, treating sports injuries and adjusting extremities, be competent advising on exercise and rehabilitation, and be able to offer basic nutritional advice.

Some knowledge of low-force or gentle techniques is essential to care for our senior patients.

For the right candidate, there could be an opportunity to buy into the practice and eventually take it over following a trial period.

Please email your CV and letter of interest to Dr Melinda Warren at: [melandrob@bonesschiropractic.co.uk](mailto:melandrob@bonesschiropractic.co.uk)

We look forwards to welcoming you!
