

**Part Time Associate required in Salisbury**

We are looking for a motivated & passionate wellness-based Chiropractor to join our friendly and professional team in the heart of Salisbury, Wiltshire.

This is a percentage based position, expanding the clinic having relocated to newly refurbished premises in a prominent location, to cover Tuesdays, Thursdays & Saturday mornings.

You will benefit from the experience of two chiropractors with 23 years of practice each, working alongside sports and remedial massage therapists as part of an integral team promoting wellness beyond pain management.

We are primarily an SOT Cranial Chiropractic Clinic, combining SMT with Western Acupuncture and Clinical Nutrition, looking for someone with a similar holistic approach. Good patient management and gentle diversified adjusting skills are essential.

With lots of opportunity to grow within the clinic this role would suit someone who is ambitious and looking for a long term position.

Please email your CV with a covering letter to:

### **Chiropractic Associate Position available in Farnham, Surrey, UK**

Help! We are growing fast!

Would you like to join a multidisciplinary practice which has a great reputation?

Would you like to be more than a chiropractor and be part of a team who actually

changes people's lives through chiropractic, nutrition and exercise programmes, massage, mindfulness, and education?

We are a chiropractic wellness centre with a difference. We run bespoke wellness programmes which uses our range of facilities including our high tech diagnostic technology (Insight Subluxation Station, InBody 270, PostureScreen, and in-house phlebotomist), in-house gym and Personal Trainers, Massage Therapists, Kinesiologist, and two Chiropractors.

Our chiropractors are struggling to keep up with demand and are looking for an experienced chiropractor who will work about a 30 hour week (£2500 retainer for first 3 months)

There will be a lot to learn but you will be supported by an awesome team. A willingness to learn muscle testing protocols will give you an advantage over other candidates.
